

## State Opens Deal To Secure Sugar Pine Point Park

Wheels already are turning to begin spending some \$40 million of the \$85 million California voters approved for acquiring new beach and park property for the state, the Capitol News Service reports.

The legislature, after considerable pulling and hauling, approved spending about \$40.5 million for ten new park and beach projects, the last \$8. million of that for Sugar Pine Point on the west shore of Lake Tahoe wasn't approved until the closing minutes of the special session which ended July 6.

The \$150 million bond issue approved in 1964 provided \$85 million would go for new property, \$20 million for development of that property, \$40 million for grants to cities, counties and districts for regional parks and \$5 million for wildlife conservation board projects to enhance hunting and fishing.

The Sugar Pine Point park at Tahoe provides a unique situation. The legislature was specific in providing just the \$8.3 million for that particular project—with little or no leeway. It also provided that, if no agreement is reached to purchase for that price, a lesser amount, \$7 million, could be used to condemn about 700 acres. The \$8.3 million would be used for purchase of just under 2,000 acres.

The strange part of the situation is that the full acreage has been appraised at more than the \$8.3 million available and the 700-acre portion at more than the \$7 million available. This means that in order to make the purchase, a negotiation must be made with the owners to buy the property at less than the appraised price.

Officials are hopeful, however, that such might take place. Governor Edmund G. Brown, in fact, said he had been in contact with attorneys for the owners and there were indications they would sell within the \$8.3 million figure. If they do not, it would appear purchase of the desirable property might be impossible under terms of the legislation.

The Truckee station was far ahead of the other 17 stations on California borders reporting. Yermo was second with 127,463 vehicles checked.

The complaint brought by Ervina M. and C. S. Beaver concerns a spring on their property and use of the water. The Beavers claim that Mr. and Mrs. Lloyd D. Van Sickle, who own adjoining property, have diverted the water, thereby causing injury to them, erosion to their property and loss of use of their land.

A number of causes of action were filed with damages and punitive damages asked.

## William Kent Camp Renovation Is Now Complete At Lake

Rehabilitation of the U. S. Forest Service's William Kent campground two miles south of Tahoe City was completed this week with the planting of 215 trees by the Tahoe Tree Company, it was reported today.

Rehabilitation work at the popular Lake Tahoe campground began in 1963 and total cost was \$112,000, Assistant District Ranger Chuck Lowrie at Truckee reported.

Besides the planting of trees and shrubs for screening and barriers, the rehabilitation job consisted of constructing new tables, vault toilets, fireplaces, paved roads and water system.

As a consequence of road construction work the campground was closed in 1963. In 1964 it reopened and 17,992 campers visited the 95-unit facility. An additional estimated 4,000 bathers and picnickers visited the 200-foot beach which is part of the campground.

The 23-acre parcel was donated to the Forest Service in 1920 by the William Kent family. Subsequently the parcel was developed as a campground and since then has been operated as such by the Forest Service for roughly 40 years.

The 16th fire of the season in the Truckee District of the Tahoe National Forest occurred Monday at 11:20 a. m. when boys playing with matches started a threatening grass blaze near the Sierra Mobile Homes on the Brockway shortcut.

The suppression crew from the ranger station was joined by the Truckee Volunteer Fire Department and soon had the blaze controlled.

## HIGHER ASSESSMENT MAY ELIMINATE NEED FOR FURTHER TAXES

NEVADA CITY—County Assessor Charles R. Kitts informed the board of supervisors last week that the assessment roll has increased more than 9 per cent, or \$3.5 million, nearly double what was anticipated for public agency budget figures earlier in the year.

This means that the county budget of \$5,155,632 for the fiscal year 1965-66 will not necessarily mean an increase in taxes despite a rise of \$140,000 over last year.

The public utility roll is expected the third week in August and a public hearing is set for August 20.

## Man Drowned In Donner Accident; Another Rescued

Tragedy marred an otherwise pleasant weekend at Donner Lake when Solon Webber, 52, Santa Clara, was drowned about 7 p. m. Saturday while swimming with his two daughters at China Cove.

Webber, with his daughters, Anita, 14, and Cheryl, 11, were vacationing at Donner State Park. They went for a swim at the cove and the victim and Anita swam out to the safety line of barrels anchored with rope to prevent boats from entering the restricted area.

Webber apparently suffered a cramp or exhaustion and was in serious trouble. Anita called for help and swam back to the shore about 75 feet distant.

David Blower, 17, of Corvina dove in with his clothes on and swam out to where Webber had disappeared. He managed to seize the man by the hair and was holding on attempting to bring him to shore when he, too, became exhausted from the cold water and shock and called for assistance. Webber, it is believed, had succumbed in the meantime.

Urill Compomiz, 42, grabbed a life jacket and plunged into the lake and swam out to the distressed pair. Young Blower took the belt. (Continued on Page 8)

## Young Cyclists Are Here On Long Trip

Two teen-aged southern California boys spent the night here as guests of Dr. and Mrs. Henry Tapia and family of Donner Lake last Thursday while on a bicycling tour of California.

The two, Dale Steffy, 16, of Northridge and Bill Feightner, 17, of Chatsworth, rode up Highway 395, toured south Lake Tahoe, came up State Route 89 with a stop at Squaw Valley and then on to the Tapias, a distance of some 600 miles in eight days.

Feightner was a friend of the Tapia family in the south. After a night here, the boys went on to Grass Valley and Nevada City and planned to visit at Yosemite and the Sequoia National Parks before returning home.

## AUTO ACCIDENT SUIT FILED FOR \$32,000

NEVADA CITY—A damage suit for \$32,000 was filed in the superior court as a result of an automobile accident east of the Donner Lake interchange on December 28.

The complaint charges that Ronald Hampel, a passenger in a car driven by Albert Jaeger, was injured when another vehicle driven by Leslie Denton Wilson, the defendant, collided with the Jaeger car.

Every once in a while some ambitious scribe comes forth with a suggestion that the name of Donner Summit be changed. These suggestions indicate a wide range of opinion, none very sensible. For upwards of 100 years the pass over the Sierra west of Truckee has been properly and popularly known as Donner Summit. The fact that a new highway has been constructed should not detract from the fact that it is still, and probably always will be, Donner Summit. National road maps, history books, stories and narrators refer to the pass as Donner. Why it should be changed and thus create wide confusion is a mystery. Even though a name change is officially made, the pass will continue to be Donner for many years to come, and that it should be. Many efforts have been made in the past to change established names of places and routes. A more recent example was the renaming of the Brockway Cutoff. For official reasons, the change may have been advisable, but it's still the Brockway Cutoff and probably will always be so termed. Let the small sign at the crest of the summit now "The Hill" be changed to Donner Summit and give the restless scribes something more constructive to discuss.

## New Subdivision Is To Be Opened Soon

Another new subdivision, this one at the Ponderosa Golf Course, to be known as the Ponderosa Fairway Estates, will be opened some time in August, according to the developer, C. S. (Butch) Beavers, of the Ponderosa Palisades Land Development Company.

The land is owned by Reynold Johnson, Alex Stewart and Jackie Jensen and comprises 15 acres which will be divided into 40 lots each embracing approximately a third of an acre.

The area will be served with paved streets, water and power and will be near but set back from the golf course so as not to interfere or detract from the beauty of the course, now proclaimed one of the most beautiful and enjoyable courses in the country.

Beavers said the maps are ready for presentation to the county officials for approval and that the area will be definitely restricted. Lots will range from \$4250, he explained and will be designed for ideal home sites.

At the same time, Stewart, manager of the golf course, said plans are being formulated to improve and expand the entrance area to the golf course with additional facilities.

## Nevada Official Is Fearful Of Sewer Effluent In River

Wallace White, director of the Nevada Health and Welfare Department, said in Reno last week that a proposed \$95 million development in the area from Ward Creek to Squaw Valley could push the pollution threat over the brink at North Lake Tahoe.

White said that an estimated 25 million gallons of sewage effluent could pour into Reno's water supply each day if a better disposal problems are not solved.

He said that addition of the North Shore effluent in Reno's water supply could mean the Truckee river would have one part of effluent to every three parts of water.

"We could drink it, but we wouldn't like it," White declared.

The director suggested that the federal government be urged to participate in the major program which would entail an expenditure of some \$15 million to provide a facility for transporting the effluent down the Truckee canyon by pipeline to a dry lake area in Martis Valley.

White said that the health factor of sewage disposal was not overriding as far as the lake itself is concerned. Instead, he added, it was the introduction of nutrients into the lake which threatened its clarity.

Bob Edwards, who operates a glider service and school at the airport said that John Baird of the Aerojet Corporation at Sacramento took his glider to an elevation of 30,000 feet over the northeast section of Lake Tahoe Saturday about sundown.

Another mark was set by Jerry Morris of San Francisco who soared to a height of 20,000 feet over Donner Lake.

The world record, set near Bishop is 46,300 feet, Edwards said, and while the local flights were far from this mark, they set area records and indicated the potential in this region.

As usual on weekends, the airport was well filled with planes and gliders as vacationists enjoyed the facilities in the region.

## Chamber Request Name Of Summit Be Left As Donner

So far as Truckee-Donner is concerned an important issue is settled. The Truckee Donner Chamber of Commerce yesterday unanimously voted to urge the division of highways to leave the name of Donner Summit as the official designation for the Interstate 80 pass over the Sierra.

There has been various new names suggested for the old pass, but none which would replace the present designation. The fact that a new road has been built and the old one abandoned by the state does not, the local chamber decided, create any need for renaming the pass.

The resolution by the chamber came in response to a letter from Wendell T. Robie of Auburn, official of the Native Sons of the Golden West, in which he urged that the Truckee Donner Chamber back his group in keeping the designation of the pass as it has been for the past 100 years.

Robie proposed that if any other name be required that it be Truckee Pass, by which the route was known prior to the Donner tragedy. While the local group was not opposed to this designation, it was felt that since maps, histories, stories, articles and other similar material all refer to the pass as Donner, this should be the official name.

Copies of the chamber's resolution will be sent to the division of highways, state officials and the board of supervisors urging their support for continued use of the name Donner for the most important and best known and most highly publicized pass over the Sierra.

N. F. Dolley presided at the meeting held at Donner Lake Lodge.

## Telephone Repairmen Show Courage In Dramatic Rescue Of Two Injured Boys

The courage, quick thinking and resourcefulness of two Tahoe City Pacific Telephone repairmen probably saved the life last week of a young hiker trapped on a narrow ledge jutting out from the sheer granite face of a high sierra peak.

When repairmen Hod D. Hill and Kenneth Terry had nearly finished their day's work at the Squaw Valley Lodge area late Wednesday afternoon, July 7, a 14-year old girl stumbled into camp. She was one of some 4,500 young people attending a national convention of the Waltham League—youth organization of the Lutheran Church, Missouri Synod—at Squaw Valley. The girl, Karen Fuge of Pacific Grove, had somehow managed to make her way back alone from the summit of 7,800-foot Granite Chief Peak which towers above the resort.

She had bad news.

Two boys with whom she had hiked to the mountain top—Charles Perry, 15, of Santa Maria, and Clayton Toensing, 18, of Albuquerque, New Mexico, had fallen, she said, along the sheer side of Granite Chief when they tried to take a shortcut back to camp. She feared for their lives, she said.

Telephone men Hill and Terry were first to get the word. They made a quick decision to help. Moving into action, they made their way up through the rugged terrain and were able to reach the mountain top barely before nightfall.

By tying several lengths of rope together, they made a 450-foot line with which they slowly lowered themselves down the vertical face of the peak some two hundred feet until they reached a small crevasse and outcropping rock.

Below them, some eight feet, Toensing clung to the face of the precipice spreadeagle. He stood perched precariously on a one-foot ledge with nothing but space between him and the rocks 250 feet below. On those rocks was his companion Perry who had fallen two hours earlier. He lay with two

broken arms, a broken leg, back injuries and bruises.

Nearly speechless, panic-stricken and fatigued from the two hours he had been on the high ledge, Toensing managed to tell the repairmen exactly where he was in relation to them. The repairmen fashioned a noose out of the end of the rope. They then made a human chain of themselves. Hanging downward headfirst, Terry holding his legs, Hill's outstretched arms reached to the boy. Hill then lowered the noose slowly and carefully under Toensing's arms. Then, inch by inch, the repairmen crawled back up to the crevasse after which they pulled the boy to them. After a rest in the darkness which now enveloped the scene, Hill and Terry lowered the boy in a hand-made sling to the base of the cliff where a Squaw Valley rescue team had arrived meantime. The repairmen then lowered themselves to safety.

Perry, the injured boy with the multiple fractures was taken by stretcher and ambulance to the Tahoe Forest Hospital in Truckee. (He has since been released and returned home.)

Toensing was uninjured, save a few superficial scratches and bruises. But, he owes his life to the alert telephone men who acted quickly and courageously at great personal risk. Without their quick and decisive action, darkness would have greatly complicated rescue and made even more precarious the safety of the trapped boy.

All of the Americas from Oregon to Patagonia were freed from Europe's domination by Latin American leaders, among who were Bolivar, San Martin and Hidalgo.

## "LAKE ECHOES" By Bethel

The fifth annual fashion show, sponsored by the Women's Club of North Tahoe under the chairmanship of Inez Jordan of Incline Village, once again proved a successful event. The North Shore Club Hotel was host to the affair at which a capacity audience enjoyed seeing the latest in fashions commented by Betty Seoglund of KOLO-TV.

Coming from Reno with Betty were her mother, Arleen Brang of Seal Beach, her daughter, Suzanne Stoddard, who modeled in the show and Bethel Van Tassel. Other Renoites were Ella Edwards, Eileen Bates and Patty Reeves.

The only local model was Janene Van Tassel. Janene modeled her own wedding gown and was "for real" having been the bride of Jan Van Tassel of Kings Beach only six weeks. Janene joined her husband's mother, Bethel, for luncheon.

Ginny Parsons of Incline Village came from the audience to the stage to have a postige combed into her hair. Ginny wore a hat to conceal her hair "because it looked so awful." However, Mr. George who made and styled wigs in Europe

and is now located in Reno, quickly matched a postige to her hair which Ginny modeled for the audience.

Eleanor Egan, president of the Women's Club, will be the chairman of next year's show and invited Betty back to do a repeat of this event.

Betty introduced Cathy Blaikie of Carson City, Miss Nevada of 1965 and the former Mrs. Nevada of 1963, Mrs. Ralph Thomas of Reno both modeling in the show.

Briefly sharing the spotlight with Betty, much to the delight of the audience, were the brass of the TV show Bonanza who were scouting for location to shoot the fall series and preparing for the return to the Ponderosa of the Cartwrights next week.

James Lane, associate producer, Kent McCray, production manager, Hashell Boggs, cameraman, William Claxton, director, Don Daves, assistant director, and David Dortort producer of the show, were presented and Dortort was highly complimentary of the show, saying "as professional a presentation as I've seen anywhere and I've seen lots of them all over the states."

Playing for the Women's Club fashion show was the John St. John Trio. One member of the trio is Teddy Stevens who is not only well known in musical circles but is the

father of actress, singer, Connie Stevens.

Saturday proved an interesting day on the North Shore when over forty horseless carriages paraded from Squaw Valley to Donner Summit to the North Shore for luncheon, TV movies, and displaying their cars. Members of the Horseless Carriage Club came from as far off as San Diego, Eureka, Willits, Orangeville, Ross, Long Beach, Santa Clara, Rio Linda, Stockton, Fairfield, Auburn, Loomis, Modesto, Roseville, Cupertino and Martinez, Sacramento and Gridley.

Charles N. Stahlman of Gridley drove a 1912 Ford and according to information given, is the owner of a fine collection of horseless carriages.

Mr. and Mrs. A. F. Meyer of Kings Beach have as their house guests their son and family, Dick and Maureen Jensen and children Gary, Michael and John of Seattle, Washington.

LaZelle Miller of Tahoe Vista is visiting her daughter and family Donna and Norman Kamp and children, Trina and Karen, at Monterey.

Vacationing at Tahoe Vista from

Santa Paula are Ellen Dennis and daughter, Ellen. Ellen was a former resident of Tahoe Vista for many years and returns "home" for the summer.

Ernest and Edith Mooney of Springfield, Missouri, are spending the summer at Tahoe Vista. Mooney is now retired from business and his former hobby is now keeping him busy—he is an artist and is selling his paintings from a stand near the Safeway Store. The Mooneys will return to Springfield at the end of summer.

Janet Garrison of Livermore is once again assisting at the Riviera Shops at Kings Beach. Janet taught school at Livermore this past year but is spending the summer at Al Tahoe, commuting to Kings Beach for weekend work and to visit parents at Carnelian Bay.

Interesting how one locates old friends. In the beauty shop chatting with an operator we find her nephew is married to a friend of many years. Jacquie Simmons lived in Hammonton and attended school with sisters of ours. Now married and living in Reno being the wife of D. J. Zunini and the mother of three children.

Helen Bacci of Hollywood is a

houseguest of William and Eleanor Egan at Brockway.

Anne Dulcie is back from San Francisco to operate her resort at Kings Beach for the summer.

Sherman Dodge of Kings Beach is confined to home. Get well soon!

Mr. and Mrs. M. E. Roberts of Sacramento are visiting the Ed Moores at Incline. The Roberts brought Dorothy's mother, Anna Feathers of El Segundo, up for an extended visit.

The Women's Society of Christian Service is holding their rummage sale at Kings Beach in the Arcade next to Lakeside Market. Deede McKinney is chairman and husband, Clark, has been a great assistant in picking up and depositing.

## DONNER DOINGS . . .

By Vi White

Now that the winds have subsided, Sky Miles has taken out his newly painted "Little Toot" excursion boat to cruise around on the lake out beyond the Cottage Pines Motel.

Another gas pump available to boaters on the lake is the one at Donner Beach where Bob Jamieson is manager. It's located at the mouth of Summit Creek.

Chuck Ryerson of Reno is again helping out at the busy area with Lynn Giovannoni and Leon Beene of Chico State and Truckee working in the swimming section. Bob's wife, Gladys, is chief boat driver for water skiers.

Many group picnics are utilizing the whole facility, the baseball diamond, tennis courts, paddleboats, waterskiing, swimming, etc.

Headquarters too for the Donner Lake Water Ski Club where the August 8 slalom meet will be held.

With prevailing winds coming from the west, that end has much smoother water.

New officers elected last meeting of the Donner Lake Property Owners are: president, Bill Murphy of San Francisco; 1st vice president, Jim Peters of Carmichael; 2nd vice president, John Maragliano of San Mateo and Donner Lake; treasurer, Jim Cullen of Belmont and Dawn Whitney of Donner Lake, secretary. They will not take office until the September meeting however.

Mr. and Mrs. William Gottschalk of Encino have spent a couple of weeks at their beautiful "A" frame cabin on the southside of the lake. Bill was lucky to catch some good sized fish while trolling in his "Boston Waler."

The House and Cabin Tour scheduled for August 1 is being sponsored by the Donner Lake Volunteer Fire Department Ladies Auxiliary. As chairman of the event, would like to thank "Gil" Gilson for distributing tickets and posters, Ione Virus for obtaining transportation, Pat Wirth for planning the refreshments and Muriel Wiser for getting the prize.

We hope that many women and men too will take the tour as we have six very interesting places to visit.

Natalie and Lloyd Warner visited us from Spokane, Washington, and were amazed at the new freeway and the development here since their last stop seven years ago.

Mrs. Warner was a charter member of the Oakland Ski Club and has many memories of fun winters spent at Donner Summit.

They own and operate the Warner Dance Studio in Spokane and teach many young people the art of ballroom dancing and also the newer steps.

Thirteen year old Dennis Weiler is recuperating from an illness at his grandmothers home in Roseville, spending the summer keeping up with his knitting achievements.

Hear from our son Private Charlie that he is now a member of the drill team at Fort Monmouth, New Jersey. His grandfather, Harry Hanson, recently drove his car back to him and Chuck has already used it to see the World's Fair in New York.

Thanks to "Wog" and Lottie Horton, we will all be able to enjoy the colorful wildflowers that are growing on their acreage on the highway. The lovers of nature have installed rainbird sprinklers to keep the plants watered.

The Donner Lake sign has been down on the new freeway during construction work up there at the turn-off. It's too bad that the Donner Lake Resort and Businessmen's Association haven't moved their big sign on the old highway to a new location on the freeway. Let's do something soon, or a lot of people won't know what lake this is.

Ivan Tofft's new pier looks mighty nice and the fishermen who are staying at his Donner Rancho Resort think it's great, no more wet feet!

Ensign Jack Campbell and Harry Hanson spent a few days with us fishing, sailing and swimming. Jack has been assigned to Hawaii from his base at George and is staying with his family in Lafayette before going to the islands.

### ENGAGEMENT TOLD FOR MARTHA PORTER

TAHOE CITY—Long time residents of Lake Tahoe have learned of the engagement of Martha Katherine Porter to Dean Montanari at a formal dinner given by Mr. and Mrs. Cedric S. Porter of Nevada City.

The bride-elect is the granddaughter of the late Bishop Noel Porter of the Episcopal Diocese of Sacramento and Mrs. Noel Porter of San Francisco who are well known in the Tahoe City area, having resided in this community in years past.

The fatal accident rate of farm workers is about 67 per 100,000, three times the accident death rate for all industries combined.

## SIERRA PACIFIC JOINS ASSISTANCE PROGRAM

Sierra Pacific Power Co. has joined a nationwide industrial plant location assistance program backed by the Edison Electric Institute, President Neil W. Plath announced today.

Plath said the program will help the company's own industrial park development in Reno and reinforce areawide efforts to bring light industry to Sierra Pacific's service area.

The program PLANN (for Plant Location Assistance Nationwide Network) is a service of investor-owned utilities through the Institute's Area Development Committee. It is the first truly national service of its kind.

## Growth Is Noted In Report From Bank

Bank of America rang up substantial growth in loans, deposits and resources, according to mid-year figures just released. Earnings, while below the comparable 1964 figure, showed improvement over the rate earned in the first quarter of this year.

Loans now total \$9,619,244,784, an increase of \$766,407,544 since a year ago.

"This loan volume is evidence of a broadly based loan demand covering the wide range of our lending accommodations, and includes commercial, industrial, real estate, and consumer credit financing. It also reflects the continuing basic strength of the economy," said President Rudolph A. Peterson.

Deposits reached \$14,351,236,315 an increase of \$976,411,639 over a year ago.

Total resources rose to \$15,870,975,941 an increase of \$1,061,070,144 over this time last year.

President Peterson noted that net operating earnings, while off compared with a year ago because of increased interest rates paid on savings deposits, showed an improved trend during the second quarter of this year. Earnings amounted to \$45,254,804 or \$1.59 per share on the 28,480,000 shares outstanding, as compared to \$1.63 per share for the first half of 1964.

## FUNDS ALLOCATED FOR PLACER WORK

The California Highway Commission last week allocated funds for two Placer County projects.

One was for \$10,000 to construct paved ditches to improve drainage at two locations on Route 89 5.7 miles and 7.7 miles north of Tahoe City.

The other was \$58,000 for correcting a slipout on Interstate 80 frontage road east of the Alta road undercrossing near Baxter, prior to relinquishing this road to the county.

ing merchandise to the shop. Of course, Pearl and Ted Draney are doing their share too. Deede would be real happy if some volunteers would assist in this venture. Are there any?

Bud and Sharon Wheeler and sons, Steven and Scott of Phoenix, Arizona, are visiting Sharon's parents, Frank and Marguerite Austin at Tahoe Vista. This is the first visit home in two years and Sharon is happily showing off her new son, Scott, who is nine weeks old.

Mrs. E. L. Kings of Honolulu is at her Incline Beach home for an extended visit.

Postcard from R'n R. That is, Dick and Ruth Lavery from North Bergen, N. J., saying they checked over New York City and the fair and thought both were great—heading through the New England States as far as Nova Scotia—back to Tahoe via Canada. Plan to build on their new lot at Crystal Bay this fall.

Ralph and Marilyn Rorick and children, Norman, Katherine and Margaret are new residents at Incline Village from Newport Beach. Rorick is a native of Michigan and archery is one of his hobbies. Dr. Holmes take note!

The Sierra Winter Stock Company presented a hundred dollar

scholarship to Kathy McPherson of Incline Village that she may continue her music studies at the University of Nevada. Kathy is a graduate of Wooster high school in Reno and will be a music major at Nevada, and a member of the University Community Symphony Orchestra for several years.

Mary Ann Elizabeth Stella was married to Donald Keith Decker at the Corpus Christi Church in Tahoe City June 20.

The bride wore a floor length gown of white chiffon over satin with a lace top and train. A pearl tiara held her veil and she carried a bouquet of white gardenias. She was given in marriage by her father.

Sandra Snyder was maid of honor and wore a gown of yellow chiffon and carried a bouquet of white and yellow carnations. Bridesmaids were Toni Taylor and Paula Kelley, both wearing green chiffon gowns and carrying bouquets of white and green carnations.

Officiating at the ceremony was Father Anthony Maio.

Best man was the groom's brother David and ushers were Dave Goodall and Raymond Calhoun.

Both the bride and groom are graduates of Tahoe Truckee high school. Following their honeymoon the couple will make their home at Kings Beach.

A reception and dinner was held at the Crystal Bay Club following the ceremony.

What more suitable occupation

could be found for former baseball star, Jackie Jensen of Crystal Bay than that of manager of the Little Leaguers, the Incline Pirates. And what's more, he may discover some player who will in turn become a famous player. Congratulations Jacki on working with these boys.

Lyle and Adeline Gunkel of Tahoe Vista announce the engagement of their daughter, Beverly, to Donald Brennaise of Lodi. The young couple met while teaching in Sacramento this past winter. August 22 has been set as the wedding date and the Kings Beach Methodist Church the setting for the rites which will be held in the outdoor chapel. A reception will follow the ceremony at the Crystal Bay Club.

Beverly is spending the summer at home with her parents but after her marriage will make her home in Sacramento.

Mr. and Mrs. Jim Sheehan of Santa Barbara were recent guests of her daughters, Karen and Carol, at Tahoe Vista and Ruth and Bill Holly of Kings Beach.

How nice to see Jean Cinani, former Tahoe Vista resident, in Reno one evening and have coffee and catch up on family activities.

### Biting Motorist Is Fined For Action

TAHOE CITY—For biting a California Highway Patrolman on the leg and for damaging the county jail substation at Tahoe City, Carl R. Gustafson of San Francisco was fined \$825, given a 30-day suspended jail sentence, placed on probation for two years and ordered to pay for the jail damages, estimated at \$200.

He was also ordered to pay the medical expenses incurred by State Patrolman Bud Meixner, whose leg was gnawed.

Gustafson and a companion, Anne H. Clarke, San Francisco nurse, were arrested April 3 by Meixner who said he saw Gustafson destroy a parking ticket placed on his car near Squaw Valley Inn.

The biting and jail damage followed, Judge Robert Fugazi, who imposed the punishment, was advised. Miss Clarke, who was charged with being intoxicated in public, changed her plea to guilty Friday and was fined \$182. A charge of drunk driving against Gustafson was dropped.

### PROGRESS REPORTED ON FAIR GROUND JOB

Excellent progress is being made by the G & H Contracting Co. of Yuba City and Grass Valley with their paving contract at the Nevada County District Fairgrounds.

All of the crushed rock has been carefully laid, thoroughly compacted by many hours of rolling and priming coat of oil has been applied. The two inches of plant mix (black top) is being spread by a mechanical spreader and should all be on the roads and sidewalks and entrances to buildings within the next few days.

When the black top is all laid and thoroughly rolled by a heavy roller the shoulders will have to be shaped and given two coats of hot oil, a double seal coat will be applied on the make-up area in back of the grandstand.

From El Dorado Hills—

Mrs. Bertha Woolverton of El Dorado Hills has come to the mountains during the hot valley weather.

### LIEUTENANT CRAIG AT GOLD RUN POST

Lieutenant Glen B. Craig has been assigned the Officer-In-Charge of Gold Run substation of the California Highway Patrol effective June 30.

He comes to the Gold Run substation from Visalia where he has been assigned since October, 1962. The reassignment follows his promotion to the rank of Lieutenant. Craig, 32, began his law enforcement career as a patrolman with the Visalia police department in 1955. He joined the patrol in April, 1956, and after graduation from the academy in 1956 he was assigned to Barstow area in San Bernardino County.

AUBURN—The board of supervisors decreed that resorts, motels and hotels which had booked conventions and large gatherings prior to April 1 of this year will not be forced to pay the county's new transient occupancy room tax.

The board acted on the advice of County Counsel Richard V. Smith, who reported that several resorts, mostly in the Tahoe area, had contacted his office for advice on the question of paying the 4 per cent tax which went into effect April 1.

Smith said resorts which had booked large gatherings prior to April 1 would be excluded from the tax if they could show proof to the tax collector's office that money had been exchanged before that date.

### Vicki Isberg Weds In Rites At Tahoe

KINGS BEACH—Miss Vicki Isberg, daughter of Mr. and Mrs. James Isberg of Kings Beach, was married on Saturday, July 3 to Thomas Mours of Incline Village. The ceremony was solemnized at the Wee Kirk o' the Pines in Kings Beach with Rev. William Marx officiating.

The bride, escorted by her father, wore a street length gown. The bodice and sleeves were on imported chantilly lace with a high rise line and marked with a Dior bow of self-material. The modified bell skirt was fashioned of summer gauze. A petite circle of pearlized French orange blossoms secured the bouffant float veil of silk illusion. She carried a spray of phalaenopsis orchids and stephotis.

Miss Tony Taylor served as maid of honor. Geraldine Tally and Donna Thompson were bridesmaids.

John Faber was the best man and ushers were Bob Faber and Lynn Goad.

The bride is a graduate of the Tahoe Truckee High School.

Following a reception honoring the couple at the Al Faber residence in Incline Village, the newlyweds left for a honeymoon in southern California. Upon returning, they will make their home at Incline Village where the bridegroom is employed by Faber Brothers Construction Company.

### TROWERS GUESTS

Mrs. Robert Trowers attended the wedding of Mr. and Mrs. Thistlewaite of Chillicothe, Missouri, who were married recently at south Pasadena. Later the newlyweds were guests at the Trower home at Donner Lake. Mr. and Mrs. H. R. Nottingham of Biltmore, North Carolina, who came west for the nuptials, were also house guests of the local couple.

### Ernest Kettenhofen Married At Valley

At a small but impressive ceremony conducted in the United Church of Christ at Squaw Valley on Friday, July 2, Miss Julie Lynn Arrington became the bride of Robert Ernest Kettenhofen.

Maid of honor was Barbara Beard and the best man Michael Marvin. Ushers were Park Bechdolt and Mike Kettenhofen.

The ceremony was performed by Rev. Frank Evans with the traditional wedding march played on the organ by Mrs. Evans. Relatives and close friends attended.

A reception was held following the wedding at the home of the bridegroom's parents, Mr. and Mrs. Raymond G. Kettenhofen who are owners of Chambers Lodge on the west side of Lake Tahoe.

The bride wore a white lace suit and the maid of honor a beige lace dress.

Kettenhofen graduated from the Tahoe Truckee High School with the class of 1962 and for the past three years has been attending Denver University where he will be a senior this fall. He is a member of the Denver nationally prominent ski team.

The new Mrs. Kettenhofen is from Pasadena and just finished a year of college at Colorado Women's College in Denver. The couple spent a honeymoon and returned to

and he and Compomizzo returned to shore, both nearly completely exhausted. Compomizzo suffered what was believed a mild heart attack and was taken to the Tahoe Forest Hospital by Truckee Ambulance. Dr. Ray Wiser administered a sedative to Blower.

Charles Simms of Reno, who was staying in the park campground and who had diving equipment, was summoned by Deputy Sheriff Robert Schooley, who was on the scene almost immediately to assist and make the investigation, and he brought Webber's body to shore. The man was in 15 feet of water for approximately 30 minutes.

Schooley said young Blower should be recommended for a hero's medal for his participation in the rescue.

The two young daughters of the victim were taken to the home of Park Superintendent Leonard Fisher where they awaited the arrival of their mother.

The body was taken to the Truckee Colonial Mortuary.
